2000 Membership dues: \$15 for single local member; \$25 for local family; and \$25 for remote membership. Checks for dues are payable to NGTGS and may be mailed to Carolyn McGee, NGTGS Treasurer, P. O. Box 020802, Tuscaloosa, AL 35402.

Monthly meetings are held at 6:30 p.m. the first Thursday night of each month in the Genealogy Section of the Tuscaloosa Public Library on River Road unless that facility is unavailable. Visitors and prospective new members are welcome at all times and their participation in our projects is needed and desired. The only requirement is the expression of a desire to enhance their genealogical and historical knowledge.

Roots and Branches, our quarterly publication, is published in January, April, July, and October of each year. Our *NGTGS Newsletter* is published in February, March, May, June, August, September, November, and December of each year, the months when our quarterly publication is not published.. Publication dates may vary based on amount of material submitted for publication. *Roots and Branches* and the *NGTGS Newsletter* are available at regular monthly meetings to local members and are mailed to remote members. We are actively engaged in swapping quarterly publications with other genealogical and historically societies and welcome new swap partners.

From time to time committees are established for various purposes and members are encouraged to participate in one or more of these groups. The success of our society is dependent on the active participation in projects by our members.

Genealogical and historical data with connections to Tuscaloosa County and/or Alabama are solicited for possible inclusion in our quarterly and monthly newsletters. Contact Martha Rogers, Corresponding Secretary at (205) 556-2934 or mrogers@dbtech.net or write to her at P. O. Box 020802, Tuscaloosa, AL 35402.

CENSUS 2000 QUESTIONNAIRES

John Carlin, archivist of the United States, has approved the disposition schedule for Census 2000 records. The proposed disposition schedule had called for destruction of those images after ten years. However because of arguments submitted by the NGS/FGS Records Preservation and Access Committee, as well as a number of other organizations and individuals, the proposed schedule was changed to make these records permanent. This decision is of particular interest to genealogists because future researchers will not only be able to view the handwritten responses of their ancestors, but to read the marginal notes and comments that would other be lost.

QUERIES NEEDED

Queries to this publication are needed. There is no charge for queries to members of the organization. Queries also will be included at no charge if there is a connection to someone who has resided in Tuscaloosa County, Alabama. Please send your queries to Martha Rogers, Corresponding Secretary, P. O. Box 020802, Tuscaloosa, AL 35403-0802 or mrogers@dbtech.net.

ALABAMA DEATH INDEX MICROFILM

The microfilm for the Alabama Death Index lacks headings for its columns. The headings should be Column 1, the code for the county; Columns two, three and four, birth month, day, and year; Column five, Volume #; Column 6, Page # of the certificate. This information came from the Alabama Bureau of Health Statistics in response to an inquiry.

AHNENTAFEL LISTS

Members continue to be encouraged to submit an Ahnentafel list of their direct ancestors. This list provides pertinent ancestral data for easy referral when visiting research facilities. Also, others who read the list of names may be searching for information on the same individual and may have valuable information to exchange. Lists may be submitted on floppy discs or as hard copy to Martha Rogers.

Although preparation of Ahnentafel lists is a common option for genealogical program, one can be prepared by following these directions. On Ahnentafel lists, you are number one, your father is number two and his wife, your mother, is his number plus one, or three. The number of the father is doubled for each preceding generation as; the number of your paternal grandfather would be your father's number (2) doubled or four. Your paternal grandmother's number would be your paternal grandfather's number plus one or five.
